Riverside Vipond Golf Classic

assisting amazing people with intellectual disabilities

### Why this day is so special

In the late 1970's, Jim Vipond, a well known southern Ontario sports writer, initiated the first VIPOND Golf Classic. Riverside Country Club hosted Saskatoon's first Vipond Classic in 1983 as a men's event with proceeds distributed to local organizations.

(The women of Riverside host a separate annual Ladies Classic for charity as well.)

- The tournament is run in two draws on the Monday after Fathers Day.
- For fun and fairness a modified Stableford point system is used to determine a winner.
- Best 3 point totals per hole are counted towards the team's score.
- The tournament was held annually from 1983 to 2019, until interrupted by Covid-19.

### You are invited to get involved

This event helps fund programs at Community-Based Organizations who have persevered throughout the pandemic to provide assistance to individuals with disabilities. Please consider sponsoring this event. There are other ways to get involved as well. We are always looking for members to join our tournament committee and would welcome your help. Consider making a donation of an item for our virtual silent auction. To investigate these options, please contact us.

## What Is VIPOND?

In the late 1970's, Jim Vipond, a well known southern Ontario sports writer, organized the first VIPOND golf classic. This was a charitable tournament in support of community services for adults with intellectual disabilities. Since that time, VIPOND tournaments have been established across Canada.

Proceeds from the Riverside VIPOND Golf Classic support community services provided by agencies, including Cosmopolitan Industries, the Community Living Association Saskatoon, Ability in Me, and Elmwood Residences.
